

The enclosed letter to Dr. Letson  
is important & appears by it  
that Dr W. placed a M.S. in  
the hands of a bookseller  
& supposer) & which I cannot  
find has been published, I  
never before met with this  
letter but it brings to my  
recollection the regret which  
Dr W. has often expressed to  
me that a val. M.S. he  
had sent to London had never  
appeared in print according  
to instructions
