Boston, MA 02115

Dear Mary Ellen,

Congratulations on receiving the National Medal of Science. In recent years I have come to respect and admire your leadership abilities, your analytical strengths, your very special knowledge and your sensitivity to people. The award is well-deserved and I'm proud to know you. I hope you continue to be a role model for yet another generation of young women and men.

With best regards.

Sincerely,

Marjorie B. Lees, Ph.D.
Director, Biochemistry Division
