Dear Judah:

I just reviewed your Annual Report of the Department of Surgery for 1981. I would be falsely modest if I did not tell you how much I appreciated your note of special appreciation in the final paragraph.

I am indebted to you for all the support that you have given to our Service and I am pleased that I was able to reciprocate in some small way during your tenure.

In my opinion, you are the outstanding model in the Harvard faculty of the combined qualities of clinician, teacher and investigator.

With best wishes.

Sincerely yours,

Joseph E. Murray, M.D.
