

U. S. S. Washington, Gibraltar, Nov. 22. 1816.

My dear M.

I send a little parcel of shells from the Bay of Naples, which may serve for a present to some little favourite of yours - Eliza Randall, - or wh^msoever you please. I also commit to your care a small package for Caroline Ware. Every purest enjoyment I have, brings to mind E. & you; & I hope, as I doubt not, that often "thought meets thought" midway in the ocean, which parts us.

Yrs. affectionately, C. F.
