

New Haven Thursday

Dear Brother

I expected to have seen you here
but find that you left one day too soon. I have a
letter from Dr Cogswell of Hartford to Professor
Silliman with a view of seeing the best cabinet
in America.

I thought of going only to Northampton
but when I had filled two large boxes with
valuable minerals I found I could get to Hart-
ford when there I wished to see this place
so here am I!

I thought I must write but I do
not expect you will read I do not undertake it

Yours affly Brother
J. W. House
